

Back Basics

NORTHWEST SPINE CARE INSTITUTE
BACK PAIN SYMPOSIUM

Northwest
Spine Care
Institute

F R E E T O T H E P U B L I C

The Anderson Center At St. Luke's Regional Medical Center, Downtown Boise
Thursday, May 4, 2006 From 7PM To 9PM

Are you or someone you love struggling with nagging back pain? Want to get some information and make some decisions about possible treatments? We have what you need. Please join us for an "evening with the experts." Local specialists will bring you up-to-date, easy to understand options for dealing with all types of back problems. They'll be on hand to answer your questions, too, and help you get a handle on the pain!

THURSDAY EVENING LECTURE SCHEDULE:

- 7:00pm: Moderator Welcome and Program Introduction
- 7:15pm: Conservative Management for Low Back Pain
- 7:30pm: Conservative Management for Lumbar Disc Herniation
- 7:45pm: Current Concepts of Physical Therapy Management for Low Back Pain
- 8:00pm: Enhancing Efficacy of Medical Interventions with Psychological Techniques in the Treatment of Back Pain
- 8:15pm: Treatment Options for Neck and Arm Pain
- 8:30pm: Surgical Treatment Options for Back and Leg Pain
- 8:45pm: Question and Answer Panel
